BACKGROUND TO THE CAMPAIGN

What is Creating Our Future?

A National
Conversation
on Research
in Ireland

Creating Our Future is a Government of Ireland campaign to stimulate a national conversation that generates ideas from the public to inform the direction of research in Ireland

BACKGROUND TO THE CAMPAIGN

What are we asking the public?

Tell us your idea for what researchers in Ireland should explore to create a better future

Your idea could be based on

- **an opportunity or challenge you see for yourself, your community, Ireland or the world**
- **a topic you are curious or passionate about**

and would like researchers to explore

BACKGROUND TO THE CAMPAIGN

Why is the campaign happening?

While we might not always think about it, research and innovation affect nearly every part of our lives.

The COVID-19 pandemic in particular has shown the importance and value of research and innovation in our lives – medically, socially, politically and economically.

Ideas are the starting point for all research and innovation.

Anyone, anywhere can have an idea that inspires research and innovation. It could be based on an opportunity or challenge that someone has identified in their own life, for their community, for Ireland or for the world. Or it could be based on a topic that someone is curious or passionate about.

Creating Our Future wants to hear them all – whatever facet of life they relate to.

All ideas will be captured, shared, and will help inform the future direction of research and innovation in Ireland.

You can submit your ideas on our website.

How stakeholder organisations can get involved

1. Campaign Champion

Campaign Champion

Assign a Campaign Champion to promote the campaign in your org. and liaise with us on events and activities

Having a Campaign Champion in each stakeholder organisation is the best way to maximise the potential of the campaign

Each stakeholder organisation interested in being involved in the campaign should assign a Campaign Champion using the online form available below

These Campaign Champions can support the campaign by promoting the campaign's content internally and to the organisation's network

They should aim to link the campaign to existing events or activities to generate ideas for submission or organise dedicated events or activities

They will be invited to join, if they want, a weekly drop-in Zoom call on Thursdays to discuss campaign progress or should they have any feedback or questions

2. Organise Events

Stakeholder organisations can integrate a campaign brainstorming session into an existing event/activity or organise a new dedicated one

There are three categories of events/activities that can support the campaign

Organise Events

Engage your staff, members and the public through events and activities

Events & Activities that Target your Staff/Colleagues

Tag a brainstorm on to your staff meeting or away-day or organise a dedicated session aligned with Ireland's Biggest Brainstorm

Events & Activities that Target your Members/Network

Tag a brainstorm on to your existing planned event (talk, webinar, meeting), the topic of which aligns with the campaign, or run a dedicated session aligned with Ireland's Biggest Brainstorm

Events & Activities that Target the Public

Tag a brainstorm on to your existing planned event (talk, webinar, meeting), the topic of which aligns with the campaign, or run a dedicated session aligned with Ireland's Biggest Brainstorm

3. List Your Event & Get Support

The campaign team can promote your event or activity and provide support in terms of a campaign spokesperson, researcher, event incentives or postcards

Let us know what events/activities you are running and what support you need

List Your Event & Get Support

List your event on our website and get support from the campaign

List your event with us so that we can promote it on our website. We need the details of the event, date, time, location and how to take part

Let us know if you'd like a campaign spokesperson or a researcher to get involved in your event to explain the context or talk about research

Let us know too if you'd like to avail of our incentivisation program (for budget, vouchers, prizes etc) if your event is targeting hard to reach demographics or young people

Let us know too if you'd like us to send campaign postcards that your members can use to send their ideas to the campaign by FREEPOST

FROM END OF SEPTEMBER, USE DEDICATED FORM ON OUR WEBSITE

UNTIL THEN EMAIL US

events@sfi.ie

4. Promote the Campaign

Promote the Campaign

Promote our campaign content in your newsletter and social channels

Promote the campaign and its activities and events to your colleagues and networks and attend them (e.g. Roadshow, Thematic Events)

Each Friday, we'll send you a quick update to the Campaign Champions by email on campaign progress and the upcoming events/activities and content to share

You should try where possible to utilise this content in your newsletters, ezines and on your social and digital channels with your staff, member networks and the public

We'd also love if you could drop down with colleagues to our Roadshow if it visits your locality or attend our thematic events with Ambassadors (announced soon)

5. Engage Family & Friends

Engage Family & Friends

Run a mini-brainstorm with your family and friends

If everyone who engages with the campaign shares it with their family and friends, we can develop real exponential growth and a multiplier effect

'Pay It Forward' by sharing the campaign concept with at least five of your family and friends and get them to submit their ideas

The campaign question is an ideal dinner table discussion topic with family, to round out a book-club meeting, or to initiate a conversation with friends about things that matter

You can simply ask the question and show the website submission form or utilise the brainstorming techniques to run a mini-brainstorm session with your family or friends

HOW TO RUN A CREATING OUR FUTURE BRAINSTORM

Types of brainstorm

A National Conversation on Research in Ireland

There are two types of brainstorms you can run depending on the event type you have and how much time you have

Every brainstorm should have a facilitator – someone who can lead the group through the process – in many cases the Campaign Champion but we can provide a campaign rep for large events

Quick Brainstorm (15 mins)

suitable for tagging on to existing meetings or events

or

Full Brainstorm (45 mins)

suitable for Creating Our Future focused meetings or events

Principles for great brainstorm

A National

Great brainstorm generate great ideas. It's important set the right tone and atmosphere to encourage everyone to think and contribute

Create a safe space where everyone feels included – extroverts and introverts

Try to prevent anyone from dominating or speaking too much

Stress the importance of every idea – big or small

You can focus ideas on a topic you've discussed but also allow for broader ideas to be generated

Don't allow criticism of ideas

Make the atmosphere fun and engaging
